WINNIE DAVIS!

The Daughter of the Confederacy Returns From an European Trip and is Met by Her Bethrothed.

NEW YORK, July 7.—Attired in the deepest mourning, which was unrelieved either at the throat or wrists, Miss Winnie Davis, eldest and favorite daughter of the late Jefferson Davis, president of the confederacy, landed from the French steamer La Bretagne yesterday. Miss Davis, who was appropriately called "the daughter of the confederacy," for she was born during that memorable struggle, has been in Europe since her father's death, recruiting her shattered health, and she returns now to become the bride of Mr. Alfred Wilkinson, of Syracuse, N. Y.

Four years ago Miss Davis visited the family of Dr. Thomas Emery, of Syracuse. Dr. Emery was a warm friend of her father, both before and after the war. At a reception in her honor she met Mr. Wilkinson, a rising young lawyer, and they became fast friends. Mr. Wilkinson spent several weeks in Miss Davis' company on the continent last winter and when he returned they were engaged.

Hardly had the gang plank been raised to the LaBretagne yesterday, when two gentlemen passed on board. The strongly built, handsome man, of perhaps 28 years, was Alfred Wilkinson himself, and with him was Mr. W. L. Davis, Miss Davis' cousin. She waited for them in the ladies' bouidour on the upperdeck. She was rather pale after the ocean voyage, but had evidently gained in health.

"I have enjoyed the voyage fairly well," she said, "I was ill for two days, but for the rest of the time I got along very well."

On the pier were Mr. Wilkinson's brother and sisters and several friends from Beuvoir, Miss., where the Davis homestead is situated, and where Mrs. Jefferson Davis now awaits her daughter's return. Mr. Wilkinson was as indisposed as Miss Davis to speak of the approaching marriage, but he said it would not be before September, and perhaps later. No day has been set. The wedding will probably occur at the Davis home in Beuvoir, and it will be entirely private. Miss Davis left for Beuvoir on the midnight train last night over the Pennsylvania road. Mr. Wilkinson parted from her at the depot, but Mr. Davis accompanied her and her friends to Washington.

Call For Charity.

BOSTON, July 7.—The venerable mother of Lieutenant Wm. B. Cushing, who in 1864, with a crew of thirteen men blew up the rebel ram, Albemarle, on a North Carolina river, is now an object of charity in Boston. She is very poor and owes for her board since November last. All of her eleven children are dead. She served four years during the war as a nurse, and was wounded twice on the field of battle. She claims to own property in Monterey county, Cal., and also lands in Florida, but through some trouble which she does not understand, she derives no benefit from the property. Her name is now Susan P. Garrison, she having married Mr. Lloyd Garrison after the death of her first husband. Mr. Garrison is also dead.

The Spanish Mission.

NEW YORK, July 7.—Secretary Blaine and the president, according to people who came from Washington last night, are on the lookout for a New York man to take the Spanish mission just vacated by Thomas W. Palmer, of Michigan. It is understood that the place had been offered to one or two prominent republicans and had been pleasantly, but not less emphatically declined, and that there was now an expectation that it would be offered to either Warner Miller, Congressman James J. Belden, or Henry G. Burleigh, or possibly to Collector Erhardt.

Constable Shot.

ST. JOHN, N. B., July 7.—At Bloomfield, a station twenty-five miles from St. John, Saturday night, Constable Charles Shryock was fatally shot while attempting arrest on two men suspected of breaking into stores at Sussex. The men were followers of Robbin's circus, who had been left behind the show.

BALTIMORE, Md., July 7.—Ex-State Treasurer Archer this morning pleaded guilty to the charge of embezzling $132,000 of the state's funds and was sentenced to five years in the penitentiary.

Murderer Arrested.

SHELBY, N. C., July 7.—R. G. Collins has been arrested here, charged with being accessory to the murder of his wife at their home in Plainville, Ga., two weeks ago. Mrs. Collins was shot dead by a negro farm hand, and it is now believed that Collins hired the negro to commit the murder. The negro has not yet been captured.

WILL UNDO IT ALL.

What Has Been Accomplished by Years of Peace Will Be Undid by the Federal Election Law.

CINCINNATI, July 7.—A prominent wholesale merchant of Charleston, S. C., who does not wish to be named, is in the city and talked freely yesterday on southern sentiment in regard to the Federal election bill. He says the people of the north have no idea of the intense feeling that exists among all classes in the south over the proposed measure. There is no disposition to talk about it or make threats, but the passage of the bill will be the signal for the creation of the extremest bitterness, a feeling that will undo all that the years of peace have accomplished. First of all, every northern product, as far as possible, will be boycotted. Following this will come the most extensive and effectual boycott on class labor the world has ever known. Arrangements are already underway to secure abroad thousands of white laborers, and every negro employe in the entire south will be discharged, and no southern man will, under any pretext, give one of them employment, the object being to drive them into the north and west.

HOMES MADE SAD

By the Visits of the Angel of Death Since Last Saturday.

Last Saturday, at the home of her sister, Mrs. Rudolph Steger, 150 Montgomery street, occurred the death of Mrs. Margaret Selle, aged thirty-seven years. She was the daughter of George J. and Barbara Baals, the former now deceased, and widow of the late Gustave Selle. Mrs. Selle was well known in this city, where all of her life has been spent. Her illness was of long duration, she having been a great sufferer for the last ten years. The patience and fortitude which she has shown during her illness, together with other traits of a lovely Christian character, have endeared her to a large circle of friends. She leaves a son, Gustave, aged fifteen years. The funeral services will be held at the Lutheran church, on Barr street, at 2:30 o'clock Tuesday afternoon, Rev. Sauer officiating.

Wm. W. Hersch, one-month-old son of Joseph Hersch, died of spasms Sunday morning. The funeral took place this afternoon at 3:30 o'clock.

John C., the three-week-old son of Mr. John Steinhauser, died of exhaustion Saturday at 1 p. m. The funeral occurred this afternoon at 1 o'clock from 71 Ohio street.

On the Fourth of July Mr. and Mrs. Henry Rose, of this city, went to Adams township to visit the family of Mrs. Rose's father, ex-Commissioner Hartman. While there their two months old child was taken quite sick with cholera infantum. The little one lingered until Sunday when it died. The funeral will take place at 2 p. m. Tuesday from the residence, 84 Madison street.

Louise, the seven weeks old twin daughter of Mr. and Mrs. Henry Trosen, of 227 John street, died this morning of spasms. The funeral will take place Wednesday at 2 p. m., from the residence, Rev. Juengel officiating.

Last Saturday evening at the residence, corner of St. Marys avenue and Spring street, occurred the death of Annie, the wife of Mr. Austin Harrison, after a long illness from consumption. The funeral took place this morning.

China Threatens to Retaliate on Americans if the Exclusion Law is Not Repealed.

NEW YORK, July 7.—The World publishes an interview with Minister Tsui, the Chinese ambassador to Washington, who arrived in this city on the steamship La Bretagne from France. Minister Tsui said:

"Unless the United States government repeals the law which now excludes my countrymen from this country, we shall treat Americans to a dose of their own medicine. I mean that we shall exclude citizens of the United States from the Chinese empire. We hope we shall not be pushed to any measure of retaliation. The Chinese foreign office has sent several demands to Mr. Blaine to repeal the exclusion law. We have received no reply from him. Of course congress alone can right the present outrage, but the state department is the proper channel of negotiation.

"Our treaties with the United States have been regarded as sacred trusts and we have lived up to the very letter of them. Now, without the slightest warning or excuse, the United States cruelly breaks its solemn agreement and builds up a barier against our citizens. After this exclusion law was passed, in defiance of all treaties, Secretary Bayard and the former minister from China conferred and the result was a proposed new treaty with China which contained the exclusion law. When this treaty was submitted to the emperor and his council it was instantly repudiated. The indignation against the minister was such that his house was burned and all his property within reach was destroyed. The Chinese government at once refused to entertain any such proposition for a new treaty and demanded that the exclusion law be at once repealed and the terms of the present treaty complied with."

Being questioned as to the present status of the question in China, Minister Tsui said: "The council of state, which guides the emperor, is simply waiting to hear from the United States foreign office. If we find that the United States persists in excluding the Chinese from its shores, we shall adopt the same tactics. The Chinese government will forbid the landing of American citizens in the empire. I am aware that there is a great deal of American capital invested in China. American interests in China are vastly more important to them than our invested interests in the United States. Any rupture between the two nations will injure the American investments. In China the passage of the exclusion act is generally supposed to be the work of the politicians.

"I know, of course, your argument about cheap labor and the destruction of your wages. You say the Chinamen come to America and save all the money they can, and then carry it home with them, and that they don't become citizens. That is exactly what every American in China is doing. The Chinese laborers have built your great western railroads, and their cheap labor has made possible the successful completion of vast works and enterprises which would have been impossible without their labor. The Chinese are satisfied with small wages and don't strike. Chinese cheap labor has been tried in various parts of the world and is always a success."

PYTHIAN KNIGHTS

Gathering at Milwaukee for Their Annual Conclave--The Big Parade To-morrow.

MILWAUKEE, Wis., July 7.—Everything is now in readiness for the army of Pythian Knights and camp followers, which is expected to swoop down on this city to-day. At headquarters it is claimed that there will be fully 75,000 people here, and Manager Williams says this is based on returns made from all parts of the country. There will be nearly 20,000 men in line in the parade to-morrow unless all calculations fall through. The Pennsylvania delegation 1,200 strong, the first state delegation to arrive, came in at 9 o'clock last night in a special train of twenty-four coaches, over the St. Paul road. A special train with the New York delegation arrived late in the night. The influx began in earnest this morning. The Chicago, Milwaukee and St. Paul brought ten special trains before noon and the Northwestern people brought in fifteen trains before one o'clock.

The opening day of the sixteenth biennial conclave of the Knights of Pythias was devoted to the reception of supreme representatives, supreme lodge officials and visiting lodges and divisions of the uniformed rank, escorting them to their various quarters and placing the wives and families of the knights who go into camp at "Camp Carnahan," into places assigned them. Forty special trains arrived during the day and a large number of knights and visitors have arrived by boat, and to-night it is expected every available quarter will be filled. Twelve thousand uniformed knights are expected to be at "Camp Carnahan" by to-night and get a good rest for to-morrow's parade. The weather is very warm, with an occasional breeze.

KAISERS THE CHAMPIONS.

The Club Wins and Takes First Place in the City League.

It was an exciting game which took place between the Kaiser and Pilsner (Brunswick) base ball clubs at Centlivre's park yesterday afternoon. The former club won by a score of 14 to 8, and the club steps into first place in the city league championship games, for which honor both were tie. Voirol pitched his usual fine game with the Kaisers and was caught well by Sutton. Gaffney and Hirt changed off in the box for the Pilsners, while Heit caught them both. The attendance at this game was estimated at more than 500. The individual score was as follows:

MARION WITHDRAWS.

Last Saturday evening the Marion base ball club disbanded for lack of financial support. The club was a strong one. Peru, it is claimed, is not making money and may soon follow the same course. Manager Meyer is of the opinion that, with Marion and Peru out, the remaining four clubs would stay the season out.

Manager Meyer has telegraphed to Hughey, who pitched with the Marions, for terms and it is probable he will be signed. In case he is McCarthy will be released.

NOTES.

The Fort Wayne club is making money.

Fort Wayne plays another game at Anderson to-day.

McCarthy returned home to-day from Anderson, by orders.

Carthy and Ferris were the battery for the home team.

The grounds of the Marion base ball club are situated as far from Marion as the McKinnie farm is from this city, and no street cars. No wonder they could not get support.

The game between the North Waynes and Dortmunders resulted in a score of 8 to 5 in favor of the North Waynes. It was a splendid contest. This places the Dortmunders at the bottom. The standing of the city league clubs is now as follows:

WORTH MILLIONS!

Mrs. Anna C. Reidt Imagines it and Her Reason is Overthrown —An Inquest Held.

To-day, in Justice France's court, an insanity case, in which Mrs. Anna C. Reidt is the pitiable subject, is being investigated by a commission in lunacy, consisting of Justices France and Wilkinson and Drs. Hetrick and McCausland.

Mrs. Reidt is the wife of John H. Reidt, a railroad man, and resides at 228 Francis street. The first symptoms of mental derangement appeared a few nights ago when the woman called at the office of Dr. Hetrick and urged that he accompany her to the home of her mother. The doctor, suspecting nothing wrong, accompanied her, prepared to administer to a sick patient, Mrs. Reidt withdrew a box from the folds of her cloak and made the startling revelation that it contained millions of money in cash and government bonds. The box in reality only contained a few papers of no particular value. However, the woman was given her own way and she related how she intended to make use of her immense fortune. Her hallucination is that she will use from her boundless wealth to travel through Europe and other foreign countries.

Saturday night Mrs. Reidt was found missing from the house and about midnight was discovered on the steps of the Harmer school, where she was musing over the number of dresses and hats she would need for her long journey. The woman called on a prominent milliner and ordered two hats at a cost of $20 each and also placed extravagant orders elsewhere. Mr. Reidt is a working man and the family are in poor circumstances notwithstanding Mrs. Reidt's riches. There are several children in the family.

GOING INTO CAMP.

The Rifles and Battery to be Inspected Before Going to the Encampment.

The annual camp of instruction of the Indiana Legion will be held August 4 to 9, inclusive, near South Bend. The Fort Wayne Rifles to the number of perhaps fifty men, and the Zollinger Battery to the number of twenty-five men will represent Fort Wayne at the encampment. Inspector General John H. Jacks, of Lafayette, has notified Captain W. H. Peltier, of the Rifles, and Captain W. W. Mungen, of the Zollinger battery, that he is holding a general inspection of all commands in the state and he writes that he will be here for that purpose on the evening of Wednesday, July 9. Col. Jacks not only inspects the companies but also all arms and accoutrements, uniforms, equipments, books, papers and other state property at the armory. The inspector general has invited Major F. R. Weldon, and Majors George W. Ewing and G. W. Wilson, aides-de-camp for the occasion.

The annual military encampment in former years was contemplated as a delightful vacation, but it is not regarded in that light now. The restrictions do not permit of the indulgencies enjoyed under Adjutant-General Koontz and former officers, but there will be enjoyment for the young soldiers, nothwithstanding the change.

Transportation and subsistence will be furnished by the state, and officers and men will be paid one dollar for each day in which there is no absence from any prescribed roll call, drill, duty or ceremony. The camp discipline is strictly military. No uniform will be permitted to be worn in camp except the state uniform, and no article of citizens clothing will be allowed to be brought into camp, and the state regulates the amount of other wearing apparel to be provided. Regimental and company commanders must not bring into camp any but regularly enlisted members of the Indiana Legion, except the authorized company cooks and officers' servants. A private is not permitted to leave the grounds unless accompanied by one of the superior officers. Many other rules regulating the military encampment are enforced; and yet there is a fascination about it that the average member of the militia could not resist.

SOCIALLY SILENT.

The Interesting Meeting of Ten Deaf and Dumb Persons.

Sunday afternoon a peculiarly interesting and highly enjoyable party was held at 186 Jackson street. Miss Lenona Tood, a pretty young lady who recently graduated from the deaf and dumb college at Indianapolis, entertained as her guests nine deaf and dumb friends who graduated with her from that institution. They were Emma Teague, Anna Heth, Anna McClure, Harry E. Ackerman, S. A. Heilbronner, Louis Berghorn, John Weller, August Moellering, Madison Perry.

Although not a word was spoken in that little group, they were so proficient in the silent language that happiness shown from their faces as the hours of the visit passed by. THE SENTINEL was unable to procure a list of the names of the mutes.

KANSAS CITY made a "kick for a recount of her population, on the claim that many of her inhabitants were missed under the census enumeration. The result is a new count is being taken and she expects to come out of it several thousand ahead in population of what the census returns would have otherwise shown her to have. Why didn't Fort Wayne do this?

GOSHEN will furnish the first test of the new Australian election law on the 22d of this month, when a special election will be held to see whether it wants to invest $52,000 in the Toledo and Chicago Air Line railway. The city has been divided into precincts, in accordance with the law, and the commissioners are now busy getting out the booths, etc. The novelty of the manner of voting will doubtless bring out a full vote.

SAM JONES is credited with a remarkable sermon at Richmond, Va., a few days ago. There were 11,000 people present and it is estimated that not less than 1,000 were converted, among them many solid and substantial business men. Some of them were people who had not before heard Mr. Jones, and who had ridiculed his style of preaching.

IN his Fourth of July oration at Chattanooga, Tenn., Governor Gordon, of Louisiana, who was a confederate general in the war of the rebellion, said: "We all recognize the fact that the late war was a gallant fight. Both sides were right. We of the south fought for the constitution of our fathers as founded by the supreme court. The south was a loyal country, but we were wrong on the slavery question. The north was right upon it and fought us upon that score. There is not a son or daughter of the south to-day who would have slavery restored. [Applause.] While for four years we were deadly enemies, we are for evermore brothers and fellow-citizens and proud in the south of the glory of the American states, and we would fight as loyally for the flag of our country as any man who fought with Grant and Sherman."

REV. S. H. KING, a former Fort Wayne boy, who has been in the ministry for several years and who is now on his way to Juneau, Alaska, to do missionary work among the people there, spoke at the rooms of the City department of the Y. M. C. A. yesterday afternoon. He gave many interesting facts concerning that country and its people and the need of mission work there, particularly at Juneau, which he said was now filling up with people and would be the capital of that territory. He is employed partly by the government and partly by the Presbyterian church and will undoubtedly do a grand work in his new far-away home. He is desirous of securing a young man to go to Juneau to do Y. M. C. A work there. He said there was a great field for such work and left the matter in the hands of Secretary Bower, so that any young man who wishes to go can secure the needed information from him. Rev. King is an earnest Christian worker and his address yesterday was attentively listened to by the audience present.

THE Rev. Sam Jones, the Georgia evangelist, is opposed to the Federal election bill. He said the other day to a reporter of the Washington Post: "I talk to between two and three millions of people a year and have done so for three years. My engagements are fixed for a year ahead. There is a deal of wickedness in this world. The politicians are corrupting the country faster than the preachers can make it good. Politics, municipal and national, are corrupt. These folks here who think they can do anything with a federal election bill are mistaden. 'A free ballot and a fair count' in the south means negro domination, and the south won't have it. The election law will be a dead letter, like the fifteenth amendment. It won't take half a million soldiers to enforce it, a regiment in every county. A negro is killed in the south once in awhile—killed with lead. Up in Indiana they kill white voters with silver. You buy voters up north with money. In the south one gets killed once in awhile. It is cheaper, but 100 are purchased in the north where one is killed in the south, and the purchasing of votes is as dangerous to the republic as the killing of voters."

AT the meeting of the city council tomorrow night the committee on education will present a report, prepared by Messrs. Moritz and Hoffman, president and secretary of the board of education, showing the condition of the tuition fund. It will show a balance at the present time of $36,625.86. The board estimates the receipts to January 1, 1891, "all that can be used in 1890 91," at $18,207.10, and estimates the expenditures of the year, "if no allowance is made for increased number of teachers which will be needed," at $65,849.56, leaving a deficit of $2,016 60. The question of meeting this deficiency will be taken up by the council. They will also decide whether part of the special fund can be transferred to the tuition fund, and if not whether a special levy should be made to meet the requirements of the tuition fund, so that the necessary number of teachers may be employed for the coming school year. The council should look the situation squarely in the face and take such action in the matter as will not impair the present efficiency of our public schools. They are the safe-guard of the nation, the educators of the future citizens and should not be allowed to deteriorate. Let us give our youth the best education in our power.

THE OHIO STATE Official Investigation of Baking Powders,

Made under the direction of the Legislature by the State Food and Dairy Commissioner, General S. H. Hurst,

Shows the ROYAL to be the purest of all baking powders tested, a cream of tartar powder, containing no unwholesome ingredients, of great leavening power, its strength most perfectly preserved.

All the other baking powders contained impurities, ranging from 10.18 per cent. to 86.23 per cent. of their entire weight. As the best baking powder is that which gives the largest amount of gas and leaves the least impurity in the bread, the Royal is again officially stamped the best in all respects.

MR. AND MRS. LOUIS GRIEBEL Celebrate Their Golden Wedding in a Pleasant Way.

Yesterday at the pleasant home of Mr. and Mrs. Louis Griebel, on East Jefferson street, was celebrated the fiftieth anniversary of their marriage and during the day hundreds of friends called to congratulate the esteemed couple upon the event. At 5 o'clock in the afternoon services appropriate to the occasion were held at the St. Paul Lutheran church. A large congregation were present and Rev. H. G. Sauer preached an able sermon.

After the services a magnificent supper was spread at the family residence and more than one hundred guests were invited to share the bounteous feast.

A remarkable fact in connection with the anniversary, and which adds interest to it, is that Mr. and Mrs. Griebel was the first couple married in St. Paul's Lutheran church and their's is the first golden wedding that has been celebrated in it. Among those who were present to participate in the event were Messrs. Louis, William and Charles Griebel, and Mrs. Charles Regedanz of this city, and Henry Griebel, of Little Rock, Ark.; Rev. J. Griebel, of California, Mo.; Frederick and Christian Griebel and Mrs. Wellhausen, of St. Louis, all children of the venerable bride and groom. Others from a distance were Rev. Christian Stoup, of New York, and Rev. J. M. Gugel, of Helena, Mont.

days' trial; that if I did not like it I need not pay anything, etc. But he could not prevail on me to change. I told him I had taken Hood's Sarsaparilla, knew what it was, was satisfied with it, and did not want any other. When I began taking Hood's Sarsaparilla I was feeling real miserable with dyspepsia, and so weak that at times I could hardly

Fort Wayne's Population.

The census somewhat cuts down the figures we have been placing on our population in Fort Wayne.

Comparing the vote of our city in 1860 with the census of that year, and making the same comparison for 1870 and 1880, and then taking the vote for 1890, we can figure out a population of 40,000.

Without question our population now should bear the same relation to the number of votes cast as in 1860, '70 and '80.

Ten years ago South Wayne, Spy Run, Rockhill Heirs' addition, the new yards and other suburbs, had little or no population. Now these points have a population of nearly or quite 5,000, but do not count in the census of the city.

A large part of the growth of Fort Wayne during the last three or four years has been just outside the city limits.

All things considered, therefore, we have done pretty well.

During the ten years just closed, our Furniture and Carpet sales have doubled so we have done a little better than the increase in population would warrant.

During the next ten years we want to double our sales from what they now are. We start well as the largest gain ever made in one year has been thus far made in 1890, and the largest month's sales we have ever had were those of the month of June just closed.

At this meeting arrangements were made for this incorporation of the company, which is to build the American Midland railroad as far west as the Indiana state line. The papers of incorporation were signed by Col. J. A. Bope, William E. Snyder, E. P. Jones, John Parker and Jacob F. Burket. The name assumed is the Findlay and Western. A company will at once be incorporated at Fort Wayne, Ind., to build the road from Fort Wayne to the Ohio state line, and as soon as the legal requirements can be complied with the two companies will be incorporated under the name of the Findlay, Fort Wayne and Western railroad. One hundred men will be put to work making the changes and improvements on the road between here and Ottawa next week, and as soon as the legal preliminaries are finished the work will be pushed briskly in all directions."

History of the Gallows.

Evidently the strong arm of a tree served as the primitive gallows, and such was in use at a very early period in man's history. In the Book of Esther we read that Haman was hanged on the tree that had been prepared for Mordecai. In more recent times, in ancient ballads and accounts of the gallows, references are made to the "fatal tree," the "gallows tree," the "triple tree," the "Tyburn tree," etc. A tree was not, however, always found conveniently placed to convert it into a gallows, and thus the introduction of a simple construction, consisting of two upright posts and a transverse beam, the principle of which has not been materially altered from its first introduction.

The gallows at times differed in height, which was increased in accordance with the heinousness of the crime of the culprit. These elevated erections were made use of at the execution of the regicides in the seventeenth century, and thus it was that long ladders were required in carrying out the last extremity of the law. When ladders were used the executioner mounted one and the culprit the other. The rope having been adjusted to the cross-beam, the executioner would descend and remove his ladder, leaving the condemned wretch on the other, engaged in his last appeals for mercy. These prays were at times exceedingly prolonged, after finishing which the miserable wretch was expected to throw himself off the ladder, and thus to some extent become his own executioner.

Courage, however, would often fail at the last moment, and his prayers would be continued for a long time. When it was evident that the culprit was praying against time, the executioner would stealthily reach the ladder on which he stood and overthrow it, and the body would consequently then be swinging in the throes and agonies of death. At one period it was customary to carry out the execution of a criminal as near as possible to the spot where the crime for which he suffered was committed.

S.S.S. — **A POSITIVE CURE** FOR ALL BLOOD POISON DISEASES,

In 1863 a Cancer developed on my lower lip. I went under treatment at once, and from time to time since that have had medical aid in New Orleans, Boston and New York, with no benefit at all. It has progressed right along, and now involves my jaw and cheek. One thousand dollars would not cover the loss sustained through the medical and surgical aid I have received. I have certainly tried everything, and was benefited by nothing until I took S. S. S. It has done me more good than all else put together, and I believe I will soon be sound and well. SWIFT'S SPECIFIC is certainly a great boon to humanity. D. D. WARE, P. O. Box 1022, Keene, N. H.

"I am now twenty-eight years old, and from the time I was seven years of age until 1885, I suffered with a severe case of Scrofula. During that time I took every known remedy, but to no purpose. My father took me to North Carolina, where I was put under the treatment of an eminent physician. The medicines given me had only a temporary effect, for shortly after my return the Scrofula broke out in a more malignant form, and I was worse off than ever before. In 1885 I discontinued taking all other medicines and commenced taking SWIFT'S SPECIFIC (S. S. S.) I took a number of bottles and it cured me. I have been free from Scrofula from that time until now."

THE MUTUAL LIFE INSURANCE COMPANY,

OF NEW YORK, SECURES IT.

Nearly $600,000 Paid by Members of one Family for Insurance in the Mutual.—The Most Stupendous Transaction Known in the History of Insurance.—"It has Never Been Done Before; It Never Will Be Done Again."

E. C. POTTER & CO.—

No. 799. New York, Dec. 24, 1889.

BANK OF NEW YORK.
National Bankers Association.

Pay to the order of L. C. HOPKINS, Genl Executive Agent

Five hundred and Seventy Eight Thousand, Three Hundred and Forty Five LARS.

$578,345 00/100 — 29 DEC 28 1889. — CERTIFIED. Payable through New York Clearing House, N. B. A. — E. C. POTTER & CO.

The above check was received by the Mutual Life Ins. Co. of New York, for Insurance effected upon the lives of five members of the illustrious Havemeyer family of the City of New York. The Policies selected were the 10 year guarantee contracts of the Mutual Life's with the annuity feature added. Each policy was for the sum of $100,000 and the insured chose to make but one payment, thus commuting the cost. The insurance covered by the above mentioned premium payment of $578,345.00 was upon the lives of Mr. Theo. A. Havemeyer, the well known Merchant of this City, and Four members of his family. Mr. Theo. Havemeyer, is the Austrian Counsel General and a Gentleman of wide influence and of great business sagacity. Mr. E. C. Potter, whose signature is appended to the check, is the son-in-law of Mr. Havemeyer, and is one of the most prominent of bankers and brokers operating upon the stock exchange. There are two significant points for consideration in connection with this Insurance.

First, that the Messrs Havemeyer seeking a profitable and safe investment of a vast fund, selected Life Insurance as offering more advantages and greater security than any other form of investment. Second That they had such faith in the management and stability of the Mutual Life Insurance company of New York, that they willingly entrusted to its care nearly $600,000 in cash without any security whatever, and only the PROMISE of the company to pay.

The particulars of the life insurance contracted for by the family of Mr. Theo. A. Havemeyer, with the MUTUAL LIFE INSURANCE COMPANY, by which that institution received a single premium payment of $578,345.00, will excite wonderment and surprise in the world of underwriting, and set the general public to thinking of the possibilities of life insurance as an investment.

The idea of a pty with six hundred thousand dollars of spare cash on hand, putting it all into life insurance.

Why didn't they build houses or purchase stocks, or do a dozen other things with it? Life insurance for an investment! That's all very well, some people think, if you must do it. But here are five members of one family engaged in merchantile pursuits, fully alive to the value of every financial scheme of importance in this or any other country, who after examining every tempting investment, came to the conclusion that the safest, most profitable and altogether desirable one, is that offered by the MUTUAL LIFE.

Then think of the fact that all this money, far exceeding half a million dollars, is placed in the hands of the company without other security than its promise to pay. If that is'nt an evidence of confidence, what could be?

IT'S THE LARGEST, STRONGEST AND BEST LIFE INSURANCE COMPANY IN THE WORLD. Its assets are thirty millions greater than those of any other American Life Insurance company. Over eighty millions greater than those of any life office in Great Britain, and sixty millions greater than the entire funds of the bank of England, which is the largest banking institution in the world.

The Mutual Life Issues Every Desirable Form of Policy.

We have just received a full line of Ladies' belts in leather and All-Wool Web and Girth. They are scarce in the city and going fast. A word to the wise is sufficient.

This morning our stock of sun umbrellas was renewed by the arrival of a big shipment from the east. The umbrellas at 85c, 98c, $1.25 and $1.50 are wonderful values and we are out of them half the time. The manufacturer sells them cheap and so do we, and the supply is scarcely equal to the demand. We have enough to last a week at present. Secure one.

We quoted Children's All-Wool Jersey Blouses in a previous advertisement. We have still a fair assortment left, but they are going. The styles alone would sell them.

We must refer again to our recent purchase of White Dress Goods. Manufacturers always reckon on being sold out of summer goods by July 1. We found one who was loaded up to the muzzle and we took all he had at 25 per cent. discount. We give our customers the benefit. Come and see what we are now selling at 10 and 12 1-2c per yard. We are sure yon will pronounce them cheap.

WINNIE DAVIS!

The Daughter of the Confederacy Returns From an European Trip and is Met by Her Bethrothed.

NEW YORK, July 7.—Attired in the deepest mourning, which was unrelieved either at the throat or wrists, Miss Winnie Davis, eldest and favorite daughter of the late Jefferson Davis, president of the confederacy, landed from the French steamer La Bretagne yesterday. Miss Davis, who was appropriately called "the daughter of the confederacy," for she was born during that memorable struggle, has been in Europe since her father's death, recruiting her shattered health, and she returns now to become the bride of Mr. Alfred Wilkinson, of Syracuse, N. Y.

Four years ago Miss Davis visited the family of Dr. Thomas Emery, of Syracuse. Dr. Emery was a warm friend of her father, both before and after the war. At a reception in her honor she met Mr. Wilkinson, a rising young lawyer, and they became fast friends. Mr. Wilkinson spent several weeks in Miss Davis' company on the continent last winter and when he returned they were engaged.

Hardly had the gang plank been raised to the LaBretagne yesterday, when two gentlemen passed on board. The strongly built, handsome man, of perhaps 28 years, was Alfred Wilkinson himself, and with him was Mr. W. L. Davis, Miss Davis' cousin. She waited for them in the ladies' boudoir on the upperdeck. She was rather pale after the ocean voyage, but had evidently gained in health.

"I have enjoyed the voyage fairly well," she said, "I was ill for two days, but for the rest of the time I got along very well."

On the pier were Mr. Wilkinson's brother and sisters and several friends from Beuvoir, Miss., where the Davis homestead is situated, and where Mrs. Jefferson Davis now awaits her daughter's return. Mr. Wilkinson was as indisposed as Miss Davis to speak of the approaching marriage, but he said it would not be before September, and perhaps later. No day has been set. The wedding will probably occur at the Davis home in Beuvoir, and it will be entirely private. Miss Davis left for Beuvoir on the midnight train last night over the Pennsylvania road. Mr. Wilkinson parted from her at the depot, but Mr. Davis accompanied her and her friends to Washington.

Call For Charity.

BOSTON, July 7.—The venerable mother of Lieutenant Wm. B. Cushing, who in 1864, with a crew of thirteen men blew up the rebel ram, Albemarle, on a North Carolina river, is now an object of charity in Boston. She is very poor and owes for her board since November last. All of her eleven children are dead. She served four years during the war as a nurse, and was wounded twice on the field of battle. She claims to own property in Monterey county, Cal., and also lands in Florida, but through some trouble which she does not understand, she derives no benefit from the property. Her name is now Susan P. Garrison, she having married Mr. Lloyd Garrison after the death of her first husband. Mr. Garrison is also dead.

The Spanish Mission.

NEW YORK, July 7.—Secretary Blaine and the president, according to people who came from Washington last night, are on the lookout for a New York man to take the Spanish mission just vacated by Thomas W. Palmer, of Michigan. It is understood that the place had been offered to one or two prominent republicans and had been pleasantly, but not less emphatically declined, and that there was now an expectation that it would be offered to either Warner Miller, Congressman James J. Belden, or Henry G. Burleigh, or possibly to Collector Erhardt.

Constable Shot.

ST. JOHN, N. B., July 7.—At Bloomfield, a station twenty-five miles from St. John, Saturday night, Constable Charles Shryock was fatally shot while attempting arrest on two men suspected of breaking into stores at Sussex. The men were followers of Robbin's circus, who had been left behind the show.

Actor Ill.

HARTFORD, Conn., July 7.—Owing to his continued weakness, William Gillette, the playwright and actor, who has been ill for the past two months at his mother's residence in this city, has been removed to Nantucket for the summer.

Want a Fight.

NEW YORK, July 7.—Cal McCarthy announces his acceptance of the proposition of the Pelican club of London, which has offered a $5,000 purse for a fight between McCarthy and George Dizon, the colored pugilist.

Got Five Years.

BALTIMORE, Md., July 7.—Ex-State Treasurer Archer this morning pleaded guilty to the charge of embezzling $132,000 of the state's funds and was sentenced to five years in the penitentiary.

Murderer Arrested.

SHELBY, N. C., July 7—R. G. Collins has been arrested here, charged with being accessory to the murder of his wife at their home in Plainville, Ga., two weeks ago. Mrs. Collins was shot dead by a negro farm hand, and it is now believed that Collius hired the negro to commit the murder. The negro has not yet been captured.

WILL UNDO IT ALL.

What Has Been Accomplished by Years of Peace Will Be Undid by the Federal Election Law.

CINCINNATI, July 7.—A prominent wholesale merchant of Charleston, S. C., who does not wish to be named, is in the city and talked freely yesterday on southern sentiment in regard to the Federal election bill. He says the people of the north have no idea of the intense feeling that exists among all classes in the south over the proposed measure. There is no disposition to talk about it or make threats, but the passage of the bill will be the signal for the creation of the extremest bitterness, a feeling that will undo all that the years of peace have accomplished. First of all, every northern product, as far as possible, will be boycotted. Following this will come the most extensive and effectual boycott on class labor the world has ever known. Arrangements are already underway to secure abroad thousands of white laborers, and every negro employe in the entire south will be discharged, and no southern man will, under any pretext, give one of them employment, the object being to drive them into the north and west.

HOMES MADE SAD

By the Visits of the Angel of Death Since Last Saturday.

Last Saturday, at the home of her sister, Mrs. Rudolph Steger, 150 Montgomery street, occurred the death of Mrs. Margaret Selle, aged thirty-seven years. She was the daughter of George J. and Barbara Baals, the former now deceased, and widow of the late Gustave Selle. Mrs. Selle was well known in this city, where all of her life has been spent. Her illness was of long duration, she having been a great sufferer for the last ten years. The patience and fortitude which she has shown during her illness, together with other traits of a lovely Christian character, have endeared her to a large circle of friends. She leaves a son, Gustave, aged fifteen years. The funeral services will be held at the Lutheran church, on Barr street, at 2:30 o'clock Tuesday afternoon, Rev. Sauer officiating.

Wm. W. Hersch, one-month-old son of Joseph Hersch, died of spasms Sunday morning. The funeral took place this afternoon at 3:30 o'clock.

John C., the three-week-old son of Mr. John Steinhauser, died of exhaustion Saturday at 1 p. m. The funeral occurred this afternoon at 1 o'clock from 71 Ohio street.

On the Fourth of July Mr. and Mrs. Henry Rose, of this city, went to Adams township to visit the family of Mrs. Rose's father, ex-Commissioner Hartman. While there their two months old child was taken quite sick with cholera infantum. The little one lingered until Sunday when it died. The funeral will take place at 2 p. m. Tuesday from the residence, 84 Madison street.

Louise, the seven weeks old twin daughter of Mr. and Mrs. Henry Trosen, of 227 John street, died this morning of spasms. The funeral will take place Wednesday at 2 p. m., from the residence, Rev. Juengel officiating.

Last Saturday evening at the residence, corner of St. Marys avenue and Spring street, occurred the death of Annie, the wife of Mr. Austin Harrison, after a long illness from consumption. The funeral took place this morning.

Nettie G., the five-month-old daughter of Mr. Martin Shroyer, 365 East Lewis street, died last night of inflammation of the bowels. The remains will be taken to Huntington for burial tomorrow.

WILL GIVE US A DOSE.

China Threatens to Retaliate on Americans if the Exclusion Law is Not Repealed.

NEW YORK, July 7.—The World publishes an interview with Minister Tsui, the Chinese ambassador to Washington, who arrived in this city on the steamship La Bretagne from France. Minister Tsui said:

"Unless the United States government repeals the law which now excludes my countrymen from this country, we shall treat Americans to a dose of their own medicine. I mean that we shall exclude citizens of the United States from the Chinese empire. We hope we shall not be pushed to any measure of retaliation. The Chinese foreign office has sent several demands to Mr. Blaine to repeal the exclusion law. We have received no reply from him. Of course congress alone can right the present outrage, but the state department is the proper channel of negotiation.

"Our treaties with the United States have been regarded as sacred trusts and we have lived up to the very letter of them. Now, without the slightest warning or excuse, the United States cruelly breaks its solemn agreement and builds up a barier against our citizens. After this exclusion law was passed, in defiance of all treaties, Secretary Bayard and the former minister from China conferred and the result was a proposed new treaty with China which contained the exclusion law. When this treaty was submitted to the emperor and his council it was instantly repudiated. The indignation against the minister was such that his house was burned and all his property within reach was destroyed. The Chinese government at once refused to entertain any such proposition for a new treaty and demanded that the exclusion law be at once repealed and the terms of the present treaty complied with."

Being questioned as to the present status of the question in China, Minister Tsui said: "The council of state, which guides the emperor, is simply waiting to hear from the United States foreign office. If we find that the United States persists in excluding the Chinese from its shores, we shall adopt the same tactics. The Chinese government will forbid the landing of American citizens in the empire. I am aware that there is a great deal of American capital invested in China. American interests in China are vastly more important to them than our invested interests in the United States. Any rupture between the two nations will injure the American investments. In China the passage of the exclusion act is generally supposed to be the work of the politicians.

"I know, of course, your argument about cheap labor and the destruction of your wages. You say the Chinamen come to America and save all the money they can, and then carry it home with them, and that they don't become citizens. That is exactly what every American in China is doing. The Chinese laborers have built your great western railroads, and their cheap labor has made possible the successful completion of vast works and enterprises which would have been impossible without their labor. The Chinese are satisfied with small wages and don't strike. Chinese cheap labor has been tried in various parts of the world and is always a success."

WHISKY DID IT.

It Causes Him to Shoot His Mistress and Then Himself.

KNOXVILLE, Tenn., July 7.—Yesterday morning Will Kent shot his mistress, Lizzie Hatcher, and then shot himself. Both were dead when found, shot through the breast. Kent leaves a widow and three little children penniless. He was a member of the fire department of this city, thirty years old and of good family. Whisky was the cause of his ruin.

WASHINGTON.

The Senate Postpone Consideration of the Tariff Bill.

WASHINGTON, July 7.—The senate by a vote of 23 to 20 refused to take up the tariff bill. This means merely a postponment for the purpose of considering the river and harbor bill this week.

The conferees on the silver bill have reached an agreement and it is understood it is on the basis of the purchase of 4,500,000 ounces of silver monthly.

Harrison Went to Church.

PYTHIAN KNIGHTS

Gathering at Milwaukee for Their Annual Conclave--The Big Parade To-morrow.

MILWAUKEE, Wis., July 7.—Everything is now in readiness for the army of Pythian Knights and camp followers, which is expected to swoop down on this city to-day. At headquarters it is claimed that there will be fully 75,000 people here, and Manager Williams says this is based on returns made from all parts of the country. There will be nearly 20,000 men in line in the parade to-morrow unless all calculations fall through. The Pennsylvania delegation 1,200 strong, the first state delegation to arrive, came in at 9 o'clock last night in a special train of twenty-four coaches, over the St. Paul road. A special train with the New York delegation arrived late in the night. The influx began in earnest this morning. The Chicago, Milwaukee and St. Paul brought ten special trains before noon and the Northwestern people brought in fifteen trains before one o'clock.

The opening day of the sixteenth biennial conclave of the Knights of Pythias was devoted to the reception of supreme representatives, supreme lodge officials and visiting lodges and divisions of the uniformed rank, escorting them to their various quarters and placing the wives and families of the knights who go into camp at "Camp Carnahan," into places assigned them. Forty special trains arrived during the day and a large number of knights and visitors have arrived by boat, and to-night it is expected every available quarter will be filled. Twelve thousand uniformed knights are expected to be at "Camp Carnahan" by to-night and get a good rest for to-morrow's parade. The weather is very warm, with an occasional breeze.

KAISERS THE CHAMPIONS.

The Club Wins and Takes First Place in the City League.

It was an exciting game which took place between the Kaiser and Pilsner (Brunswick) base ball clubs at Centlivre's park yesterday afternoon. The former club won by a score of 14 to 8, and the club steps into first place in the city league championship games, for which honor both were tie. Voirol pitched his usual fine game with the Kaisers and was caught well by Sutton. Gaffney and Hirt changed off in the box for the Pilsners, while Heit caught them both. The attendance at this game was estimated at more than 500. The individual score was as follows:

MARION WITHDRAWS.

Last Saturday evening the Marion base ball club disbanded for lack of financial support. The club was a strong one. Peru, it is claimed, is not making money and may soon follow the same course. Manager Meyer is of the opinion that, with Marion and Peru out, the remaining four clubs would stay the season out.

Manager Meyer has telegraphed to Hughey, who pitched with the Marions, for terms and it is probable he will be signed. In case he is McCarthy will be released.

NOTES.

The Fort Wayne club is making money.

Fort Wayne plays another game at Anderson to-day.

McCarthy returned home to-day from Anderson, by orders.

State league games Saturday—Peru 6, Marion 10; Kokomo 16, Muncie 8.

Ferris caught Hughey, the Marion pitcher, hence the anxiety to secure him for the Fort Wayne club.

The Fort Wayne club was defeated at Anderson last Saturday 7 to 1. McCarthy and Ferris were the battery for the home team.

The grounds of the Marion base ball club are situated as far from Marion as the McKinnie farm is from this city, and no street cars. No wonder they could not get support.

The game between the North Waynes and Dortmunders resulted in a score of 8 to 5 in favor of the North Waynes. It was a splendid contest. This places the Dortmunders at the bottom. The standing of the city league clubs is now as follows:

Clubs	Won.	Lost.

WORTH MILLIONS!

Mrs. Anna C. Reidt Imagines it and Her Reason is Overthrown --An Inquest Held.

To-day, in Justice France's court, an insanity case, in which Mrs. Anna C. Reidt is the pitiable subject, is being investigated by a commission in lunacy, consisting of Justices France and Wilkinson and Drs. Hotrick and McCausland.

Mrs. Reidt is the wife of John H. Reidt, a railroad man, and resides at 228 Francis street. The first symptoms of mental derangement appeared a few nights ago when the woman called at the office of Dr. Hetrick and urged that he accompany her to the home of her mother. The doctor, suspecting nothing wrong, accompanied her, prepared to administer to a sick patient, Mrs. Reidt withdrew a box from the folds of her cloak and made the startling revelation that it contained millions of money in cash and government bonds. The box in reality only contained a few papers of no particular value. However, the woman was given her own way and she related how she intended to make use of her immense fortune. Her hallucination is that she will use from her boundless wealth to travel through Europe and other foreign countries.

Saturday night Mrs. Reidt was found missing from the house and about midnight was discovered on the steps of the Harmer school, where she was musing over the number of dresses and hats she would need for her long journey. The woman called on a prominent milliner and ordered two hats at a cost of $20 each and also placed extravagant orders elsewhere. Mr. Reidt is a working man and the family are in poor circumstances notwithstanding Mrs. Reidt's riches. There are several children in the family.

GOING INTO CAMP.

The Rifles and Battery to be Inspected Before Going to the Encampment.

The annual camp of instruction of the Indiana Legion will be held August 4 to 9, inclusive, near South Bend. The Fort Wayne Rifles to the number of perhaps fifty men, and the Zollinger Battery to the number of twenty-five men will represent Fort Wayne at the encampment. Inspector General John H. Jacks, of Lafayette, has notified Captain W. H. Peltier, of the Rifles, and Captain W. W. Mungen, of the Zollinger battery, that he is holding a general inspection of all commands in the state and he writes that he will be here for that purpose on the evening of Wednesday, July 9. Col. Jacks not only inspects the companies but also all arms and accoutrements, uniforms, equipments, books, papers and other state property at the armory. The inspector general has invited Major F. R. Weldon, and Majors George W. Ewing and G. W. Wilson, aides-de-camp for the occasion.

The annual military encampment in former years was contemplated as a delightful vacation, but it is not regarded in that light now. The restrictions do not permit of the indulgencies enjoyed under Adjutant-General Koontz and former officers, but there will be enjoyment for the young soldiers, nothwithstanding the change.

Transportation and subsistence will be furnished by the state, and officers and men will be paid one dollar for each day in which there is no absence from any prescribed roll call, drill, duty or ceremony. The camp discipline is strictly military. No uniform will be permitted to be worn in camp except the state uniform, and no article of citizens clothing will be allowed to be brought into camp, and the state regulates the amount of other wearing apparel to be provided. Regimental and company commanders must not bring into camp any but regularly enlisted members of the Indiana Legion, except the authorized company cooks and officers' servants. A private is not permitted to leave the grounds unless accompanied by one of the superior officers. Many other rules regulating the military encampment are enforced; and yet there is a fascination about it that the average member of the militia could not resist.

SOCIALLY SILENT.

The Interesting Meeting of Ten Deaf and Dumb Persons.

They were Emma Teague, Anna Heth, Anna McClure, Harry E. Ackerman, S. A. Heilbronner, Louis Berghorn, John Weller, August Moellering, Madison Perry.

Although not a word was spoken in that little group, they were so proficient in the silent language that happiness shown from their faces as the hours of the visit passed by. THE SENTINEL was unable to procure a list of the homes of the mutes.

WINNIE DAVIS!

The Daughter of the Confederacy Returns From an European Trip and is Met by Her Betrothed.

NEW YORK, July 7.—Attired in the deepest mourning, which was unrelieved either at the throat or wrists, Miss Winnie Davis, eldest and favorite daughter of the late Jefferson Davis, president of the confederacy, landed from the French steamer La Bretagne yesterday. Miss Davis, who was appropriately called "the daughter of the confederacy," for she was born during that memorable struggle, has been in Europe since her father's death, recruiting her shattered health, and she returns now to become the bride of Mr. Alfred Wilkinson, of Syracuse, N. Y.

Four years ago Miss Davis visited the family of Dr. Thomas Emery, of Syracuse. Dr. Emery was a warm friend of her father, both before and after the war. At a reception in her honor she met Mr. Wilkinson, a rising young lawyer, and they became fast friends. Mr. Wilkinson spent several weeks in Miss Davis' company on the continent last winter and when he returned they were engaged.

Hardly had the gang plank been raised to the LaBretagne yesterday, when two gentlemen passed on board. The strongly built, handsome man, of perhaps 28 years, was Alfred Wilkinson himself, and with him was Mr. W. L. Davis, Miss Davis' cousin. She waited for them in the ladies' boudoir on the upperdeck. She was rather pale after the ocean voyage, but had evidently gained in health.

"I have enjoyed the voyage fairly well," she said, "I was ill for two days, but for the rest of the time I got along very well."

On the pier were Mr. Wilkinson's brother and sisters and several friends from Beauvoir, Miss., where the Davis homestead is situated, and where Mrs. Jefferson Davis now awaits her daughter's return. Mr. Wilkinson was as indisposed as Miss Davis to speak of the approaching marriage, but he said it would not be before September, and perhaps later. No day has been set. The wedding will probably occur at the Davis home in Beauvoir, and it will be entirely private. Miss Davis left for Beauvoir on the midnight train last night over the Pennsylvania road. Mr. Wilkinson parted from her at the depot, but Mr. Davis accompanied her and her friends to Washington.

Until Her Charity.

BOSTON, July 7.—The venerable mother of Lieutenant Wm. B. Cushing, who in 1864, with a crew of thirteen men blew up the rebel ram, Albemarle, on a North Carolina river, is now an object of charity in Boston. She is very poor and owes for her board since November last. All of her eleven children are dead. She served four years during the war as a nurse, and was wounded twice on the field of battle. She claims to own property in Monterey county, Cal., and also lands in Florida, but through some trouble which she does not understand, she derives no benefit from the property. Her name is now Susan P. Garrison, she having married Mr. Lloyd Garrison after the death of her first husband. Mr. Garrison is also dead.

The Spanish Mission.

NEW YORK, July 7.—Secretary Blaine and the president, according to people who came from Washington last night, are on the lookout for a New York man to take the Spanish mission just vacated by Thomas W. Palmer, of Michigan. It is understood that the place had been offered to one or two prominent republicans and had been pleasantly, but not less emphatically declined, and that there was now an expectation that it would be offered to either Warner Miller, Congressman James J. Belden, or Henry G. Burleigh, or possibly to Collector Erhardt.

Constable Shot.

ST. JOHN, N. B., July 7.—At Bloomfield, a station twenty-five miles from St. John, Saturday night, Constable Charles Shryock was fatally shot while attempting arrest on two men suspected of breaking into stores at Sussex. The men were followers of Robbin's circus, who had been left behind the show.

Murderer Arrested.

SHELBY, N. C., July 7.—B. G. Collins has been arrested here, charged with being accessory to the murder of his wife at their home in Plainville, Ga., two weeks ago. Mrs. Collins was shot dead by a negro farm hand, and it is now believed that Collins hired the negro to commit the murder. The negro has not yet been captured.

WILL UNDO IT ALL.

What Has Been Accomplished by Years of Peace Will Be Undid by the Federal Election Law.

CINCINNATI, July 7.—A prominent wholesale merchant of Charleston, S. C., who does not wish to be named, is in the city and talked freely yesterday on southern sentiment in regard to the Federal election bill. He says the people of the north have no idea of the intense feeling that exists among all classes in the south over the proposed measure. There is no disposition to talk about it or make threats, but the passage of the bill will be the signal for the creation of the extremest bitterness, a feeling that will undo all that the years of peace have accomplished. First of all, every northern product, as far as possible, will be boycotted. Following this will come the most extensive and effectual boycott on class labor the world has ever known. Arrangements are already underway to secure abroad thousands of white laborers, and every negro employe in the entire south will be discharged, and no southern man will, under any pretext, give one of them employment, the object being to drive them into the north and west.

WILL GIVE US A DOSE.

China Threatens to Retaliate on Americans if the Exclusion Law is Not Repealed.

NEW YORK, July 7.—The World publishes an interview with Minister Tsui, the Chinese ambassador to Washington, who arrived in this city on the steamship La Bretagne from France. Minister Tsui said:

"Unless the United States government repeals the law which now excludes my countrymen from this country, we shall treat Americans to a dose of their own medicine. I mean that we shall exclude citizens of the United States from the Chinese empire. We hope we shall not be pushed to any measure of retaliation. The Chinese foreign office has sent several demands to Mr. Blaine to repeal the exclusion law. We have received no reply from him. Of course congress alone can right the present outrage, but the state department is the proper channel of negotiation.

"Our treaties with the United States have been regarded as sacred trusts and we have lived up to the very letter of them. Now, without the slightest warning or excuse, the United States cruelly breaks its solemn agreement and builds up a barier against our citizens. After this exclusion law was passed, in defiance of all treaties, Secretary Bayard and the former minister from China conferred and the result was a proposed new treaty with China which contained the exclusion law. When this treaty was submitted to the emperor and his council it was instantly repudiated. The indignation against the minister was such that his house was burned and all his property within reach was destroyed. The Chinese government at once refused to entertain any such proposition for a new treaty and demanded that the exclusion law be at once repealed and the terms of the present treaty complied with."

Being questioned as to the present status of the question in China, Minister Tsui said: "The council of state, which guides the emperor, is simply waiting to hear from the United States foreign office. If we find that the United States persists in excluding the Chinese from its shores, we shall adopt the same tactics. The Chinese government will forbid the landing of American citizens in the empire. I am aware that there is a great deal of American capital invested in China. American interests in China are vastly more important to them than our invested interests in the United States. Any rupture between the two nations will injure the American investments. In China the passage of the exclusion act is generally supposed to be the work of the politicians.

"I know, of course, your argument about cheap labor and the destruction of your wages. You say the Chinamen come to America and save all the money they can, and then carry it home with them, and that they don't become citizens. That is exactly what every American in China is doing. The Chinese laborers have built your great western railroads, and their cheap labor has made possible the successful completion of vast works and enterprises which would have been impossible without their labor. The Chinese are satisfied with small wages and don't strike. Chinese cheap labor has been tried in various parts of the world and is always a success."

PYTHIAN KNIGHTS

Gathering at Milwaukee for Their Annual Conclave—The Big Parade To-morrow.

MILWAUKEE, Wis., July 7.—Everything is now in readiness for the army of Pythian Knights and camp followers, which is expected to swoop down on this city to-day. At headquarters it is claimed that there will be fully 75,000 people here, and Manager Williams says this is based on returns made from all parts of the country. There will be nearly 20,000 men in line in the parade to-morrow unless all calculations fall through. The Pennsylvania delegation 1,200 strong, the first state delegation to arrive, came in at 9 o'clock last night in a special train of twenty-four coaches, over the St. Paul road. A special train with the New York delegation arrived late in the night. The influx began in earnest this morning. The Chicago, Milwaukee and St. Paul brought ten special trains before noon and the Northwestern people brought in fifteen trains before one o'clock.

The opening day of the sixteenth biannial conclave of the Knights of Pythias was devoted to the reception of supreme representatives, supreme lodge officials and visiting lodges and divisions of the uniformed rank, escorting them to their various quarters and placing the wives and families of the knights who go into camp at "Camp Carnahan," into places assigned them. Forty special trains arrived during the day and a large number of knights and visitors have arrived by boat, and to-night it is expected every available quarter will be filled. Twelve thousand uniformed knights are expected to be at "Camp Carnahan" by to-night and get a good rest for to-morrow's parade. The weather is very warm, with an occasional breeze.

KAISERS THE CHAMPIONS.

The Club Wins and Takes First Place in the City League.

It was an exciting game which took place between the Kaiser and Pilsner (Brunswick) base ball clubs at Centlivre's park yesterday afternoon. The former club won by a score of 14 to 8, and the club steps into first place in the city league championship games, for which honor both were tie. Voirol pitched his usual fine game with the Kaisers and was caught well by Sutton, Gaffney and Hirt changed off in the box for the Pilsners, while Heit caught them both. The attendance at this game was estimated at more than 500. The individual score was as follows:

McCarthy returned home to-day from Anderson, by orders.

State league games Saturday—Peru 6, Marion 10; Kokomo 16, Muncie 8.

Ferris caught Hughey, the Marion pitcher, hence the anxiety to secure him for the Fort Wayne club.

The Fort Wayne club was defeated at Anderson last Saturday 7 to 1. McCarthy and Ferris were the battery for the home team.

The grounds of the Marion base ball club are situated as far from Marion as the McKinnie farm is from this city, and no street cars. No wonder they could not get support.

The game between the North Waynes and Dortmunders resulted in a score of 8 to 5 in favor of the North Waynes. It was a splendid contest. This places the Dortmunders at the bottom. The standing of the city league clubs is now as follows:

Clubs.	Won.	Lost.
Kaisers	3	1
Pilsners	2	1
North Waynes	1	1
Dortmunders	0	3

WORTH MILLIONS!

Mrs. Anna C. Reidt Imagines it and Her Reason is Overthrown —An Inquest Held.

To-day, in Justice France's court, an insanity case, in which Mrs. Anna C. Reidt is the pitiable subject, is being investigated by a commission in lunacy, consisting of Justices France and Wilkinson and Drs. Hetrick and McCausland.

Mrs. Reidt is the wife of John H. Reidt, a railroad man, and resides at 228 Francis street. The first symptoms of mental derangement appeared a few nights ago when the woman called at the office of Dr. Hetrick and urged that he accompany her to the home of her mother. The doctor, suspecting nothing wrong, accompanied her, prepared to administer to a sick patient, Mrs. Reidt withdrew a box from the folds of her cloak and made the startling revelation that it contained millions of money in cash and government bonds. The box in reality only contained a few papers of no particular value. However, the woman was given her own way and she related how she intended to make use of her immense fortune. Her hallucination is that she will use from her boundless wealth to travel through Europe and other foreign countries.

Saturday night Mrs. Reidt was found missing from the house and about midnight was discovered on the steps of the Harmer school, where she was musing over the number of dresses and hats she would need for her long journey. The woman called on a prominent milliner and ordered two hats at a cost of $20 each and also placed extravagant orders elsewhere. Mr. Reidt is a working man and the family are in poor circumstances notwithstanding Mrs. Reidt's riches. There are several children in the family.

GOING INTO CAMP.

The Rifles and Battery to be Inspected Before Going to the Encampment.

The annual camp of instruction of the Indiana Legion will be held August 4 to 9, inclusive, near South Bend. The Fort Wayne Rifles to the number of perhaps fifty men, and the Zollinger Battery to the number of twenty-five men will represent Fort Wayne at the encampment. Inspector General John H. Jacks, of Lafayette, has notified Captain W. H. Peltier, of the Rifles, and Captain W. W. Mangen, of the Zollinger battery, that he is holding a general inspection of all commands in the state and he writes that he will be here for that purpose on the evening of Wednesday, July 9. Col. Jacks not only inspects the companies but also all arms and accoutrements, uniforms, equipments, books, papers and other state property at the armory. The inspector general has invited Major F. R. Weldon, and Majors George W. Ewing and G. W. Wilson, aides-de-camp for the occasion.

The annual military encampment in former years was contemplated as a delightful vacation, but it is not regarded in that light now. The restrictions do not permit of the indulgencies enjoyed under Adjutant-General Koontz and former officers, but there will be enjoyment for the young soldiers, notwithstanding the change.

Transportation and subsistence will be furnished by the state, and officers and men will be paid one dollar for each day in which there is no absence from any prescribed roll call, drill, duty or ceremony. The camp discipline is strictly military. No uniforms will be permitted to be worn in camp except the state uniform, and no article of citizens clothing will be allowed to be brought into camp, and the state regulates the amount of other wearing apparel to be provided. Regimental and company commanders must not bring into camp any but regularly enlisted members of the Indiana Legion, except the authorized company cooks and officers' servants. A private is not permitted to leave the grounds unless accompanied by one of the superior officers. Many other rules regulating the military encampment are enforced; and yet there is a fascination about it that the average member of the militia could not resist.

SOCIALLY SILENT.

The Interesting Meeting of Ten Deaf and Dumb Persons.

Sunday afternoon a peculiarly interesting and highly enjoyable party was held at 186 Jackson street. Miss Lenona Tood, a pretty young lady who recently graduated from the deaf and dumb college at Indianapolis, entertained an her guests nine deaf and dumb friends who graduated with her from that institution. They were Emma Teague, Anna Heth, Anna McClure, Harry E. Ackerman, S. A. Hellbronner, Louis Bergborn, John Weller, August Moellering, Madison Perry.

Although not a word was spoken in that little group, they were so proficient in the silent language that happiness shown from their faces as the hours of the visit passed by. THE SENTINEL was unable to procure a list of the names of the mutes.

KANSAS CITY made a "kick for a recount of her population, on the claim that many of her inhabitants were missed under the census enumeration. The result is a new count is being taken and she expects to come out of it several thousand ahead in population of what the census returns would have otherwise shown her to have. Why didn't Fort Wayne do this?

GOSHEN will furnish the first test of the new Australian election law on the 22d of this month, when a special election will be held to see whether it wants to invest $52,000 in the Toledo and Chicago Air Line railway. The city has been divided into precincts, in accordance with the law, and the commissioners are now busy getting out the booths, etc. The novelty of the manner of voting will doubtless bring out a full vote.

SAM JONES is credited with a remarkable sermon at Richmond, Va., a few days ago. There were 11,000 people present and it is estimated that not less than 1,000 were converted, among them many solid and substantial business men. Some of them were people who had not before heard Mr. Jones, and who had ridiculed his style of preaching.

IN his Fourth of July oration at Chattanooga, Tenn., Governor Gordon, of Louisiana, who was a confederate general in the war of the rebellion, said: "We all recognize the fact that the late war was a gallant fight. Both sides were right. We of the south fought for the constitution of our fathers as founded by the supreme court. The south was a loyal country, but we were wrong on the slavery question. The north was right upon it and fought us upon that score. There is not a son or daughter of the south to-day who would have slavery restored. [Applause.] While for four years we were deadly enemies, we are for evermore brothers and fellow-citizens and proud in the south of the glory of the American states, and we would fight as loyally for the flag of our country as any man who fought with Grant and Sherman."

REV. S. H. KING, a former Fort Wayne boy, who has been in the ministry for several years and who is now on his way to Juneau, Alaska, to do missionary work among the people there, spoke at the rooms of the City department of the Y. M. C. A. yesterday afternoon. He gave many interesting facts concerning that country and its people and the need of mission work there, particularly at Juneau, which he said was now filling up with people and would be the capital of that territory. He is employed partly by the government and partly by the Presbyterian church and will undoubtedly do a grand work in his new far-away home. He is desirous of securing a young man to go to Juneau to do Y. M. C. A work there. He said there was a great field for such work and left the matter in the hands of Secretary Bower, so that any young man who wishes to go can secure the needed information from him. Rev. King is an earnest Christian worker and his address yesterday was attentively listened to by the audience present.

THE Rev. Sam Jones, the Georgia evangelist, is opposed to the Federal election bill. He said the other day to a reporter of the Washington Post: "I talk to between two and three millions of people a year and have done so for three years. My engagements are fixed for a year ahead. There is a deal of wickedness in this world. The politicians are corrupting the country faster than the preachers can make it good. Politics, municipal and national, are corrupt. Those folks here who think they can do anything with a federal election bill are mistaken. 'A free ballot and a fair count' in the south means negro domination, and the south won't have it. The election law will be a dead letter, like the fifteenth amendment. It won't take half a million soldiers to enforce it, a regiment in every county. A negro is killed in the south once in awhile—killed with lead. Up in Indiana they kill white voters with silver. You buy voters up north with money. In the south one gets killed once in awhile. It is cheaper, but 100 are purchased in the north where one is killed in the south, and the purchasing of votes is as dangerous to the republic as the killing of voters."

AT the meeting of the city council tomorrow night the committee on education will present a report, prepared by Messrs. Moritz and Hoffman, president and secretary of the board of education, showing the condition of the tuition fund. It will show a balance at the present time of $36,623.86. The board estimates the receipts to January 1, 1891, "all that can be used in 1890 91," at $18,207.10, and estimates the expenditures of the year, "if no allowance is made for increased number of teachers which will be needed," at $65,849.56, leaving a deficit of $2,016 60. The question of meeting this deficiency will be taken up by the council. They will also decide whether part of the special fund can be transferred to the tuition fund, and if not whether a special levy should be made to meet the requirements of the tuition fund, so that the necessary number of teachers may be employed for the coming school year. The council should look the situation squarely in the face and take such action in the matter as will not impair the present efficiency of our public schools. They are the safe guard of the nation, the educators of the future citizens and should not be allowed to deteriorate. Let us give our youth the best education in our power.

Official Investigation of Baking Powders,

Made under the direction of the Legislature by the State Food and Dairy Commissioner, General S. H. Hurst,

Shows the ROYAL to be the purest of all baking powders tested, a cream of tartar powder, containing no unwholesome ingredients, of great leavening power, its strength most perfectly preserved.

All the other baking powders contained impurities, ranging from 10.18 per cent. to 86.23 per cent. of their entire weight. As the best baking powder is that which gives the largest amount of gas and leaves the least impurity in the bread, the Royal is again officially stamped the best in all respects.

MR. AND MRS. LOUIS GRIEBEL

Celebrate Their Golden Wedding in a Pleasant Way.

Yesterday at the pleasant home of Mr. and Mrs. Louis Griebel, on East Jefferson street, was celebrated the fiftieth anniversary of their marriage and during the day hundreds of friends called to congratulate the esteemed couple upon the event. At 5 o'clock in the afternoon services appropriate to the occasion were held at the St. Paul Lutheran church. A large congregation were present and Rev. H. G. Sauer preached an able sermon.

After the services a magnificent supper was spread at the family residence and more than one hundred guests were invited to share the bountuous feast.

A remarkable fact in connection with the anniversary, and which adds interest to it, is that Mr. and Mrs. Griebel was the first couple married in St. Paul's Lutheran church and their's is the first golden wedding that has been celebrated in it. Among those who were present to participate in the event were Messrs. Louis, William and Charles Griebel, and Mrs. Charles Regedanz of this city, and Henry Griebel, of Little Rock, Ark.; Rev. J. Griebel, of California, Mo.; Frederick and Christian Griebel and Mrs. Wellhausen, of St. Louis, all children of the venerable bride and groom. Others from a distance were Rev. Christian Stoup, of New York, and Rev. J. M. Gugel, of Helena, Mont.

If you have made up your mind to buy Hood's Sarsaparilla do not be induced to take any other. A Boston lady, whose example is worthy imitation, tells her experience below:

"In one store where I went to buy Hood's Sarsaparilla the clerk tried to induce me buy their own instead of Hood's; he told me their's would last longer; that I might take it on ten days' trial; that if I did not like it I need not pay anything, etc. But he could not prevail on me to change. I told him I had taken Hood's Sarsaparilla, knew what it was, was satisfied with it, and did not want any other. When I began taking Hood's Sarsaparilla I was feeling real miserable with dyspepsia, and so weak that at times I could hardly

Fort Wayne's Population.

The census somewhat cuts down the figures we have been placing on our population in Fort Wayne.

Comparing the vote of our city in 1800 with the census of that year, and making the same comparison for 1870 and 1880, and then taking the vote for 1890, we can figure out a population of 40,000.

Without question our population now should bear the same relation to the number of votes cast as in 1880, '70 and '60.

Ten years ago South Wayne, Spy Run, Rockhill Heirs' addition, the new yards and other suburbs, had little or no population. Now these points have a population of nearly or quite 5,000, but do not count in the census of the city.

A large part of the growth of Fort Wayne during the last three or four years has been just outside the city limits.

All things considered, therefore, we have done pretty well.

During the ten years just closed, our Furniture and Carpet sales have doubled so we have done a little better than the increase in population would warrant.

During the next ten years we want to double our sales from what they now are. We start well as the largest gain ever made in one year has been thus far made in 1890, and the largest month's sales we have ever had were those of the month of June just closed.

At this meeting arrangements were made for this incorporation of the company, which is to build the American Midland railroad as far west as the Indiana state line. The papers of incorporation were signed by Col. J. A. Bope, William E. Snyder, E. P. Jones, John Parker and Jacob F. Burket. The name assumed is the Findlay and Western. A company will at once be incorporated at Fort Wayne, Ind., to build the road from Fort Wayne to the Ohio state line, and as soon as the legal requirements can be complied with the two companies will be incorporated under the name of the Findlay, Fort Wayne and Western railroad. One hundred men will be put to work making the changes and improvements on the road between here and Ottawa next week, and as soon as the legal preliminaries are finished the work will be pushed briskly in all directions."

What Does it Mean?

"100 Doses One Dollar" means simply that Hood's Sarsaparilla is the most economical medicine to buy, because it gives more for the money than any other preparation. Each bottle contains 100 doses and will average to last a month, while other preparations taken according to directions, are gone in a week. Therefore, be sure to get Hood's Sarsaparilla, the best blood purifier.

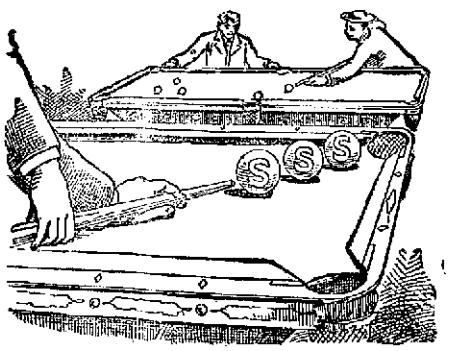
History of the Gallows.

Evidently the strong arm of a tree served as the primitive gallows, and such was in use at a very early period in man's history. In the Book of Esther we read that Haman was hanged on the tree that had been prepared for Mordecai. In more recent times, in ancient ballads and accounts of the gallows, references are made to the "fatal tree," the "gallows tree," the "triple tree," the "Tyburn tree," etc. A tree was not, however, always found conveniently placed to convert it into a gallows, and thus the introduction of a simple construction, consisting of two upright posts and a transverse beam, the principle of which has not been materially altered from its first introduction.

The gallows at times differed in height, which was increased in accordance with the heinousness of the crime of the culprit. These elevated erections were made use of at the execution of the regicides in the seventeenth century, and thus it was that long ladders were required in carrying out the last extremity of the law. When ladders were used the executioner mounted one and the culprit the other. The rope having been adjusted to the cross-beam, the executioner would descend and remove his ladder, leaving the condemned wretch on the other, engaged in his last appeals for mercy. These prays were at times exceedingly prolonged, after finishing which the miserable wretch was expected to throw himself off the ladder, and thus to some extent become his own executioner.

Courage, however, would often fail at the last moment, and his prayers would be continued for a long time. When it was evident that the culprit was praying against time, the executioner would stealthily reach the ladder on which he stood and overthrow it, and the body would consequently then be swinging in the throes and agonies of death. At one period it was customary to carry out the execution of a criminal as near as possible to the spot where the crime for which he suffered was committed.



S.S.S. — A POSITIVE CURE — FOR ALL BLOOD POISON DISEASES,

In 1883 a Cancer developed on my lower lip. I went under treatment at once, and from time to time since that have had medical aid in New Orleans, Boston and New York, with no benefit at all. It has progressed right along, and now involves my jaw and cheek. One thousand dollars would not cover the fees sustained through the medical and surgical aid I have received. I have certainly tried everything, and was benefited by nothing until I took S. S. S. It has done me more good than all else put together, and I believe I will soon be sound and well. SWIFT'S SPECIFIC is certainly a great boon to humanity. D. D. WARE, P. O. Box 1032, Keene, N. H.

"I am now twenty-eight years old, and from the time I was seven years of age until 1885, I suffered with a severe case of Scrofula. During that time I took every known remedy, but to no purpose. My father took me to North Carolina, where I was put under the treatment of an eminent physician. The medicines given me had only a temporary effect, for shortly after my return the Scrofula broke out in a more malignant form, and I was worse off than ever before. In 1886 I discontinued taking all other medicines and commenced taking SWIFT'S SPECIFIC (S. S. S.) I took a number of bottles and it cured me. I have been free from Scrofula from that time until now."

THE MUTUAL LIFE INSURANCE COMPANY,

OF NEW YORK, SECURES IT.

Nearly $600,000 Paid by Members of one Family for Insurance in the Mutual.—The Most Stupendous Transaction Known in the History of Insurance.—"It has Never Been Done Before: It Never Will Be Done Again."

No. 709. New York, Dec. 24, 1889.

BANK OF NEW YORK.
National Bankers Association.

Pay to the order of L. C. HOPKINS, Genl Executive Agent

Five hundred and Seventy Eight Thousand, Three Hundred and Forty Five DOLLARS.

$578,345.00/100 — 29 DEC 98 1889.

CERTIFIED. Payable through New York Clearing House, N. B. A.

E. C. POTTER & CO. — E. C. PORTER & CO.

The above check was received by the Mutual Life Ins. Co. of New York, for Insurance effected upon the lives of five members of the illustrious Havemeyer family of the City of New York. The Policies selected were the 10 year guarantee contracts of the Mutual Life's with the annuity feature added. Each policy was for the sum of $100,000 and the insured chose to make but one payment, than commuting the cost. The insurance covered by the above mentioned premium payment of $578,345.00 was upon the lives of Mr. Theo. A. Havemeyer, the well known Merchant of this City, and Four members of his family. Mr. Theo. Havemeyer, is the Austrian Counsel General and a Gentleman of wide influence and of great business sagacity. Mr. E. C. Potter, whose signature is appended to the check, is the son-in-law of Mr. Havemeyer, and is one of the most prominent of bankers and brokers operating upon the stock exchange. There are two significant points for consideration in connection with this Insurance.

First, that the Messrs Havemeyer seeking a profitable and safe investment of a vast fund, selected Life Insurance as offering more advantages and greater security than any other form of investment. Second That they had such faith in the management and stability of the Mutual Life Insurance company of New York, that they willingly entrusted to its care nearly $600,000 in cash without any security whatever, and only the PROMISE of the company to pay.

The particulars of the life insurance contracted for by the family of Mr. Theo. A. Havemeyer, with the MUTUAL LIFE INSURANCE COMPANY, by which that institution received a single premium payment of $578,345.00, will excite wonderment and surprise in the world of underwriting, and set the general public to thinking of the possibilities of life insurance as an investment.

The idea of a party with six hundred thousand dollars of spare cash on hand, putting it all into life insurance.

Why didn't they build houses or purchase stocks, or do a dozen other things with it? Life insurance for an investment! That's all very well, some people think, if you must do it. But here are five members of one family engaged in mercantile pursuits, fully alive to the value of every financial scheme of importance in this or any other country, who after examining every tempting investment, came to the conclusion that the safest, most profitable and altogether desirable one, is that offered by the MUTUAL LIFE.

Then think of the fact that all this money, far exceeding half a million dollars, is placed in the hands of the company without other security than its promise to pay. If that is'nt an evidence of confidence, what could be?

IT'S THE LARGEST, STRONGEST AND BEST LIFE INSURANCE COMPANY IN THE WORLD. Its assets are thirty millions greater than those of any other American Life Insurance company. Over eighty millions greater than those of any life office in Great Britain, and sixty millions greater than the entire funds of the bank of England, which is the largest banking institution in the world.

The Mutual Life Issues Every Desirable Form of Policy.

We have just received a full line of Ladies' belts in leather and All-Wool Web and Girth. They are scarce in the city and going fast. A word to the wise is sufficient.

This morning our stock of sun umbrellas was renewed by the arrival of a big shipment from the east. The umbrellas at 85c, 98c, $1.25 and $1.50 are wonderful values and we are out of them half the time. The manufacturer sells them cheap and so do we, and the supply is scarcely equal to the demand. We have enough to last a week at present. Secure one.

We quoted Children's All-Wool Jersey Blouses in a previous advertisement. We have still a fair assortment left, but they are going. The styles alone would sell them.

We must refer again to our recent purchase of White Dress Goods. Manufacturers always reckon on being sold out of summer goods by July 1. We found one who was loaded up to the muzzle and we took all he had at 25 per cent. discount. We give our customers the benefit. Come and see what we are now selling at 10 and 12 1-2c per yard. We are sure you will pronounce them cheap.

Black Dress Lawns received to-day. Never was so secarce before. They will be gone before night.
